Saarbrücken, March 2021

Dear colleagues,

please find attached some information material regarding our Master's program in European and International Law and our virtual European Summer Course titled #EUChallengeAccepted: Tackle the Challenges for the European Union! that is taking place online from 20 to 26 June 2021.

For four decades now, the Europa-Institut, which is located at the axis of Strasbourg-Luxembourg-Brussels, has offered an internationally renowned Master's degree in European and international law. Since then, more than 5,500 students from all over the world have graduated from the program and now hold positions in European and international organizations, internationally oriented law firms, international companies as well as in national governments and administrations. Each year, renowned lecturers from all over the world come to teach students from over 40 countries to prepare them for the challenges of the European and international job market.

We would be grateful if you could make this information available at your institution. Please do not hesitate to contact us for any further information or visit our website at [www.europainstitut.de](http://www.europainstitut.de).
